Insurance is a common benefit offered by employers. Different types of health care insurance (vision, dental, etc.) may be offered as part of an umbrella plan. Respondents were asked to indicate those separately if included in a combined package. Employers were not asked about workers compensation insurance as that program is intended to cover employer liability and not employee needs directly.

Combined paid time off (PTO) refers to programs that allow employees to accumulate paid time off in a single pool to be used for either vacation or sick leave versus situations in which employees accrue time in separate pools.
